## **Project Management**

A Project Team is led by a Project Manager and a team of scientists.

We guarantee the quality and the timelines of each project.

Project Manager has a Management Degree from United States.

The Project Manager is the single point of contact with the Client. The entire communication process is through Secured E-mails, regular teleconferences, videoconferences and periodic face-to-face meetings. We send weekly progress reports on the progress of each project to the Client and a summary report on the completion of the Project.
